

Operational Letter

1. Description of Operation

I am applying to run a health center which is located in Kerrisdale(2482 West 41st Avenue, Vancouver, V6M 2A7). It was originally a health service office. We propose to provide Traditional Chinese Medicine service ,Massage and Reflexology. So I want change of use to a health enhancement center. Traditional Chinese Medicine services include Acupuncture, Fire Cupping, Moxibustion, Tui na, Gua sha and Chinese herbs. I hope to help people alleviate disease and enhance people's health through Traditional Chinese Medical treatment methods. Adding new service Massage and Reflexology assist to enhance therapeutic effect . For example, A patient who is done acupuncture and massage, His therapeutic effect is good than only done acupuncture or only done massage. And Reflexology is very important for the people who works standing longtime, after long trip, or after a hiking, etc. Reflexology can acceleration people's vein blood of feet backflow heart, in order to reduce feet edema, relieve fatigue more. Therefore, Acupuncture, Massage and Reflexology are working together to enhance people's health very well. Reflexology service area will be located in front of the unit ,This is a open space just beside reception desk. I will place two Reflexology Chair at the area. The nature of my business is to help people alleviate disease and enhance people's health through Traditional Chinese Medical treatment methods , Massage and Reflexology. The operation will target members of the community who need Traditional Chinese Medicine treatment and will relieve their fatigue through massage and reflexology. They deserve to rest their tired muscles and take away their daily stresses. We strive to provide a relaxing and comfortable environment for every client. Our goal is to build a health center available for everyone.
